

JOONDALUP HEALTH CAMPUS — REDEVELOPMENT

468. Hon TJORN SIBMA to the parliamentary secretary representing the Minister for Health:

I refer to the McGowan government's \$167 million election commitment to the Joondalup Health Campus redevelopment stage 2 expansion project.

- (1) Does the provision of \$158.7 million to the expansion project listed under "Works in Progress" in the WA Health Asset Investment Program table on page 282 of budget paper No 2, volume 1, refer to the commonwealth government's funding commitment, which was announced in April 2018?
- (2) If yes, where is the state government's commitment?

Hon ALANNA CLOHESY replied:

I thank the honourable member for some notice of the question. I have been advised the following.

- (1) Yes. The state successfully negotiated \$158 million in funding from the commonwealth under the project agreement for Western Australian public hospitals.
- (2) A project definition plan to clarify the final scope and costings for the project is now being developed. Any additional funding identified as being required over and above the commonwealth funding would be provided by the state.
