

SCHOOL BUS SERVICE CONTRACTORS, SECURITY OF TENURE

1570. Hon. M.G. House to the Minister assisting the Minister for Planning and Infrastructure

- (1) How will the Minister ensure that school bus contractors have security of tenure over their contracts so that they can finance new buses with certainty?
- (2) How will the Minister ensure that the so far excellent safety record of the school bus service is not compromised if contracts go out to open tender?

Mrs ROBERTS replied:

1. By giving contracts of an appropriate term.
 2. Requirements will continue to be specified in the contract.
