

ALBANY RING-ROAD — TRAFFIC COUNTS

491. Hon DIANE EVERS to the minister representing the Minister for Transport:

My question is about the proposed Albany ring-road.

- (1) Does the government know the projected average weekday traffic count for vehicles on the proposed section between South Coast Highway and Lower Denmark Road in total and for freight haulage vehicles; and, if so, what are the figures?
- (2) Does the government know the most recent traffic count for the existing section of Hanrahan Road closest to the proposed Albany ring-road in total and for freight haulage vehicles; and, if so, what are the figures?

Hon STEPHEN DAWSON replied:

I thank the honourable member for some notice of the question.

- (1) Based on modelling to 2031, the total number of vehicles is 4 019 and for freight haulage vehicles, it is 1 206.
- (2) The 2017–18 average annual daily traffic on Hanrahan Road north of Frenchman Bay Road is 7 106 vehicles a day, including 12.6 per cent heavy vehicles.
