

POLICE - DIGITAL SPEED CAMERAS AT LEVEL CROSSINGS

3263. Hon Nigel Hallett to the Minister for Local Government and Regional Development representing the Minister for Police and Emergency Services

I refer to the Government's plan to place digital speed cameras at level crossings (as reported on the TV news summaries Wednesday 15 February 2006), and ask -

- (1) At which crossings will the cameras be installed?
- (2) What is the roll out program for each location?
- (3) When is the roll out program due to start?
- (4) When is the roll out program due for completion?
- (5) Where will the cameras be monitored?

Hon JON FORD replied:

- (1)-(5) The project to place digital cameras at train crossing intersections is a partnership between the Western Australia Police and the Public Transport Authority and is in the early stage of discussions. Therefore I am unable to provide you with any further information at this time.
