

ALBANY FORESHORE REDEVELOPMENT

551. Mrs C.L. EDWARDES to the Minister for Planning and Infrastructure:

I ask a supplementary question Why is the Government using the East Perth Redevelopment Authority to develop the plan?

Ms A.J. MacTIERNAN replied:

The Government is not using the East Perth Redevelopment Authority. Certainly, one of its architects and urban designers is having input. That is sensible. We should look towards those who have expertise to provide advice. People from the Department for Planning and Infrastructure and a range of different agencies are making a contribution.
