

WATER CORPORATION — STRATEGIC DEVELOPMENT PLAN — MAJOR REGIONAL WATER
GROWTH PROJECTS

3272. Mr D.J. Kelly to the Minister for Water:

I refer to page 18 of the *Water Corporation's Strategic Development Plan 2014/15 to 2018/19*, and I ask:

- (a) which regional water growth (major schemes) projects have been rescheduled as part of the \$79 million saving measures;
- (b) in each case what capacity has been delayed and what was the cost of each upgrade;
- (c) in each case, what was the original timeline for completion;
- (d) in each case, what are the new completion dates due to the delay; and
- (e) which schemes are currently considered to be the highest risk?

Ms M.J. Davies replied:

- (a)–(e) The figures outlined on page 18 of the Strategic Development Plan are indicative and used for planning purposes only.

The Water Corporation's capital investment program is regularly reprioritised due to changing consumption patterns, population growth and unforeseen circumstances.
