

GOUNDREY WINES, VEGETATION REGENERATION

354. Dr EDWARDS to the Minister for the Environment:

I refer to the briefing note from Dr Wally Cox to the minister tabled in this place last week, and ask -

- (1) When did Mr Avery advise that the vegetation was regenerating?
- (2) Who assessed the extent and nature of the regeneration of vegetation?
- (3) Will the minister table a copy of the report and the correspondence outlining Goundrey's future commitments?

Mrs EDWARDES replied:

I thank the member for some notice of the question.

- (1)-(3) As the member stated, Dr Cox advised his reasons to me in a memo and I understand he was advised in discussion and correspondence that the roadside vegetation was regenerating.
