

DAYLIGHT SAVING — ENERGY, WATER AND PHYSICAL ACTIVITY AUDITS

223. Hon BARRY HOUSE to the parliamentary secretary representing the Deputy Premier:

- (1) Have energy, water and physical activity audits been conducted during the past two summer trial periods of daylight saving?
- (2) If so, will the Treasurer table these results?
- (3) If no to (2), why not?

Hon KATE DOUST replied:

I thank the honourable member for some notice of this question.

- (1) Agencies responsible for energy, water and physical activity, through their minister, are to monitor the effects of daylight saving, so far as practicable, so that it can be evaluated at the end of the three-year trial.
- (2) The results will be released following evaluation.
- (3) Not applicable.
