

WASTE LEVY

**774. Hon SALLY TALBOT to the Minister for Environment:**

- (1) How much has been raised through the waste levy since 1 January 2010?
- (2) In that same period, how much has been spent on waste reduction and recycling programs from the waste levy?
- (3) In relation to (2), what projects and programs were funded?

**Hon HELEN MORTON replied:**

I have looked through the wrong file. I now have the right one. On behalf of the Minister for Environment I advise —

- (1) Since 1 January 2010, the waste levy has raised \$23 201 119.
- (2) Expenditure from the waste avoidance and resource recovery account from 1 January to 15 September 2010 has been \$9 834 650.
- (3) It should be noted that this information is normally collated on a financial year basis. I therefore table the projects and programs for the 2009–10 financial year.

[See paper 2688.]
