

WANNEROO ROAD, PINJAR ROAD-JOONDALUP DRIVE — ROAD SAFETY

**408. Hon RAY HALLIGAN to the parliamentary secretary representing the Minister for Planning and Infrastructure:**

I refer to traffic safety concerns on the section of Wanneroo Road between Pinjar Road and Joondalup Drive and the minister's previous indication of advanced planning by Main Roads WA.

- (1) Is it still intended that Main Roads will start work on this section of road in October 2008?
- (2) If so, what design and other preconstruction activities are currently being undertaken?
- (3) If no to (1), why not?

**Hon SALLY TALBOT replied:**

I thank Hon Ray Halligan for some notice of the question, to which I provide a response on behalf of the parliamentary secretary to the Minister for Planning and Infrastructure. The minister has responded in the following terms —

- (1) Timing is subject to the outcome of the 2008 state budget.
- (2) The detailed design is advanced, along with land acquisition and identification of the services to be modified.
- (3) Not applicable.
