

WASTE AUTHORITY — BUSINESS PLAN

**744. Hon SALLY TALBOT to the Minister for Environment:**

Why has there been such a long delay in releasing the Waste Authority's business plan?

**Hon DONNA FARAGHER replied:**

I thank the member for her question. Again, like the member's question yesterday, there has been no long delay in releasing the business plan. The business plan has not yet been finalised; and, when it is, it will also be considered in the context of the draft waste strategy.
