* Under the terms of the sale of the Westrail freight business, the purchaser ARG, entered into a sublease agreement with respect to the vehicles leased for the freight operations. That agreement allows ARG use of the existing fleet of leased vehicles. The vehicles will be returned at the expiration of the lease term, ie, when the vehicles reach 40,000 kms or have been under lease for 2 years. ARG pay for all costs associated with the vehicles covered by the sublease agreement.
