

GOVERNMENT VEHICLES, LIQUID PETROLEUM GAS POWERED

974. Mr D.F. Barron-Sullivan to the Minister for Health

Will the Minister provide -

- (a) full details of all Liquid Petroleum Gas (LPG) powered vehicles within each agency and statutory body that come under your ministerial jurisdiction;
- (b) the percentage of the vehicles within the fleet of each agency and statutory body that come under your jurisdiction that are LPG powered;
- (c) advice whether each agency and statutory body that comes under your ministerial jurisdiction has met the Premier's election commitment regarding the use of LPG powered vehicles used by Government departments and agencies; and
- (d) if not, which agencies have not met the Premier's commitment in this respect?

Mr R.C. KUCERA replied:

The information being sought by the member is not readily available.

I would advise that information systems used in agencies are designed to address operational and statutory requirements and don't necessarily facilitate the ready provision of information being sought by the member.

However, if the member has a particular issue of concern, I would be pleased to consider arranging for the agency to provide information on that specific issue.
