

BUILDINGS ON CORNER OF WILLIAM AND MURRAY STREETS, ASBESTOS, NOTICES, WORK
ORDERS OR LETTERS

201. Hon. C.L. Edwardes to the Minister for Consumer and Employment Protection

- (1) Has WorkSafe issued any Notices or Work Orders or written any letters to the owners or managing agents of the buildings on the corner of William Street and Murray Street in respect to asbestos in these buildings?
- (2) If so, will the Minister table copies of those Notices, Work Orders or letters?
- (3) What is the level of asbestos in these buildings?

Mr J.C. KOBELKE replied:

- (1)-(3) File records in respect of the building located at 264 Murray Street Perth date back to 1937. It is not practical to provide copies of the documentation requested. However, I am able to arrange for WorkSafe officers to provide a verbal or written briefing on its involvement with the managing agents in respect of asbestos issues should this be requested.
