

**CITY OF JOONDALUP — HOUSING INFILL PROJECTS**

*Petition*

**HON TJORN SIBMA (North Metropolitan)** [10.03 am]: I present a petition containing 726 signatures couched in the following terms —

To the Honourable the President and Members of the Legislative Council of the Parliament of Western Australia in Parliament assembled.

We the undersigned would like an immediate halt to all building applications for hi-density developments above R30 within the 10 Housing Opportunity areas in the City of Joondalup.

We want the WAPC to properly review the 10 nominated areas and guidelines for multi-unit and group dwellings, in the 10 Housing Opportunity Areas within the City of Joondalup and engage in proper community consultation, to ensure appropriate densities that are sensitive to the residents, and community needs and in keeping with the amenity of the areas.

Now we respectfully ask the Legislative Council to direct the Minister to support the City of Joondalup to halt the progress of all multi-unit and group dwellings above R30 so that no approvals are granted until the WAPC has thoroughly consulted the community and completed the above mentioned review.

Your petitioners therefore humbly pray that you will give this matter earnest consideration and your petitioners, as in duty bound, will ever pray.

[See paper 941.]
