

VASSE MIDDLE SCHOOL

871. Hon BARRY HOUSE to the Minister for Education and Training:

I refer to the Vasse Middle School.

- (1) How much was initially allocated in the budget for the Vasse Middle School, and what has it been reduced to now?
- (2) Why was the decision to reduce the budget made?
- (3) Why is there no forward estimate for stage 2?
- (4) Why was it determined unnecessary to build a performing arts centre and library with stage 1?
- (5) How many schools in Western Australia have been built without a performing arts centre and a library in stage 1 in the last decade?
- (6) Has the initial intake of the students been revised down?
- (7) If so, by how many?
- (8) When and why was it determined that the school would start with years 7 and 8 only?

Hon LJILJANNA RAVLICH replied:
