

GOVERNMENT MEDIA STATEMENTS — WEBSITE

952. Hon MATT BENSON-LIDHOLM to the Leader of the House representing the Premier:

- (1) How long has the government's media statements website been undergoing maintenance and upgrades?
- (2) What were the technical issues that led to the establishment of the limited interim website that is presently available?
- (3) Will all former search functions and access to archived media statements be available on the upgraded website; and, if not, why not?
- (4) When will the website be fully functional again?

Hon NORMAN MOORE replied:

I do not seem to have an answer to that question. If it should turn up, I will provide it this afternoon.
