

BUSSELTON JETTY - CHURCHILL PARK DEVELOPMENT

**529. Hon BARRY HOUSE to the Leader of the House representing the Minister for Peel and the South West:**

I refer to the proposed development of Churchill Park to offset the costs of the Busselton jetty upgrade.

- (1) What consultation process will the government undertake with the current users of Churchill Park to understand their views and identify issues regarding their relocation?
- (2) Who will fund the costs associated with the relocation of the current users of Churchill Park if and when the development occurs?

**Hon KIM CHANCE replied:**

I thank Hon Barry House for providing some notice of the question.

- (1)-(2) No decision has been made on the land development options for funding the jetty refurbishment. The Busselton jetty working group, established by the Minister for Peel and the South West with equal shire and state representation, is working through these issues. Relevant stakeholders will be consulted throughout this process. The Minister for Peel and the South West has publicly undertaken that the community will be consulted on any land development proposal before a decision is made, and this position has not changed.
