

SWANBOURNE HIGH SCHOOL REDEVELOPMENT SITE

**436. Hon DERRICK TOMLINSON to the Minister for Housing and Works:**

My question was submitted to the parliamentary secretary representing the Minister for Planning and Infrastructure; however, I was advised earlier today that the question has been directed to the Minister for Housing and Works.

- (1) Has the minister instructed that a portion of the Swanbourne High School redevelopment site be retained for public housing; and, if yes, has a specific location on the site been nominated?
- (2) Will the development of the public housing on the Swanbourne High School redevelopment site be a State Housing Commission project or a private sector project?

**Hon TOM STEPHENS replied:**

I thank the member for some notice of this question.

- (1) No, but I am pleased that this is being contemplated. A conceptual plan was published in *The West Australian*, including the subject site, on 14 November 2002.
- (2) It will be a State Housing Commission development and will be serviced and constructed by the private sector.
