

DIVISION 51: INDUSTRY AND RESOURCES

Supplementary Information Request No B51.

Question: Mr R.N. Sweetman asked for information on the estimates for “Regulatory Fees and Fines” which are included in the Schedule of Administered Expenses and Revenues.

Answer: The figures of \$24 million and \$40 million the member initially refers to are incorrectly quoted in Hansard, and are actually \$24 000 and \$40 000 respectively.

The estimate of \$40 000 mainly relates to the anticipated collection of fines to be issued under the dangerous goods on-road enforcement program administered under the Dangerous Goods (Transport) Act 1998 and Regulations. It is difficult to estimate the amount of revenue from this source and the \$40 000 is a nominal figure.
