

TEACHER REGISTRATION

666. Hon BARRY HOUSE to the Minister for Education and Training:

Further to question 650 asked yesterday, Tuesday, 20 September, with reference to teacher registration, I ask -

- (1) When can final-year teaching students expect to receive their final academic transcript indicating whether they have completed their course; for example, will it be mid-November or December?
- (2) How much time will the Western Australian College of Teaching take to process each registration from the time an academic transcript is lodged?
- (3) Will the Department of Education and Training accept applications for teaching positions from final-year teaching students prior to registration, and process them subject to registration being attained?

Hon LJILJANNA RAVLICH replied:

I thank the member for some notice of this question.

- (1) This depends on the individual university.
- (2) The Western Australian College of Teaching has advised that provided other aspects of the education are in order, it should take less than a week.
- (3) Yes.
