

DAYLIGHT SAVING REFERENDUM

Petition

HON BARRY HOUSE (South West) [3.02 pm] - by leave: This is a non-conforming petition in the sense that it contains an extra lot of signatures. The petition contains 921 signatures and is in addition to an identical petition that I tabled last week on daylight saving, which contained 10 758 signatures. The petition is couched in the following terms -

To the President and Members of the Legislative Council of the Parliament of Western Australia in Parliament assembled.

We the undersigned residents of Western Australia call on the State Parliament to amend the "Daylight Saving Bill 2006" to provide for a referendum within one month of the end of this years finishing date of 25th March 2007 and not proceed to the following two years trial unless the referendum result supports it's continuation.

Your petitioners therefore respectfully request the Legislative Council to urgently change this legislation to provide for a referendum this year.

And your petitioners as in duty bound, will ever pray.
