

DENTAL HEALTH SYSTEM, MR RON ANDREWS

160. Mr A.D. MARSHALL to the Minister for Health:

I have a supplementary question. Is the minister aware that I have written to him three times on this matter? I asked Mr Andrews whether he minded whether I used his name and he said he was so sick of the issue that I could come in here and “kick A”.

The SPEAKER: Order! The minister should answer the first part of the question about whether the minister was aware of the letters.

Mr R.C. KUCERA replied:

I do not have any direct awareness at this stage. If the member for Dawesville has genuine concerns, he should make sure that it is drawn to my attention rather than use this place for a cheap political stunt.
