

SEXUALLY TRANSMITTED DISEASES IN CHILDREN

3250. Hon Nigel Hallett to the parliamentary secretary representing the Minister for Health

Can you please table the statistics for the number of children aged 14 and under with sexually transmitted diseases (STDs) cross referenced against -

- (a) age grouping;
- (b) year (2001 to 2005, inclusive);
- (c) type of STD; and
- (d) whether the STD was a result of the birth mother passing the STD on to her child during the birth process?

Hon SUE ELLERY replied:

- (a)-(d) [See paper 1383.]
