

WATER CORPORATION — STRATEGIC DEVELOPMENT PLAN — METRO WASTEWATER PLANTS
3265. Mr D.J. Kelly to the Minister for Water:

I refer to page 18 of the *Water Corporation's Strategic Development Plan 2014/15 to 2018/19*, and I ask:

- (a) which Metropolitan Wastewater plants have had capacity upgrades delayed as part of the \$237 million savings measure;
- (b) in each case what additional capacity has been delayed and what was the cost of each upgrade; and
- (c) in each case, what was the original timeline for completion and what are the new completion dates due to the delay?

Ms M.J. Davies replied:

- (a)–(c) The figures outlined on page 18 of the Strategic Development Plan are indicative and used for planning purposes only.

The Water Corporation's capital investment program is regularly reprioritised due to changing consumption patterns, population growth and unforeseen circumstances.
