

FORMER MINISTER FOR HEALTH, ALLEGATIONS BY MS JEAN THORNTON

895. Mrs C.L. EDWARDES to the Premier:

I have a supplementary question. The comment that the Premier made followed this statement by Mr Murray -

Now, I would imagine that's a pretty serious allegation for a public servant to make against a minister.
What did you do as a result of that?

That referred to Ms Thornton's having gone to the meeting for help, not to be harassed and threatened. How does the Premier justify his comments that he was talking about due process in dealing with public servants, when it followed the comment by Mr Murray that Ms Thornton had gone to the meeting not to be harassed and threatened?

The SPEAKER: That is not a supplementary question.
