

RENEWABLE ENERGY BUYBACK SCHEME

1441. Hon Dr STEVE THOMAS to the parliamentary secretary representing the Minister for Energy:

I am glad that the parliamentary secretary representing the Minister for Environment managed to leave three deer for Santa!

I refer to my question without notice 464 asked on 11 August 2021 on the renewable energy buyback scheme.

- (1) How many rooftop solar systems have been installed in Western Australia for each of the financial years 2021–22 and 2022–23?
- (2) What is the total amount of energy purchased through the renewable energy buyback scheme for each of the financial years 2021–22 and 2022–23?

Hon MATTHEW SWINBOURN replied:

I thank the member for some notice of the question, which was submitted on 12 September. The answer is that due to the amount of information required, the information will not be available today. Therefore, I ask the member to put the question on notice.
