

WATER — RCR TOMLINSON

4729. Mr D.J. Kelly to the Minister for Water:

Have any contracts been signed with RCR Tomlinson, and if so:

- (a) what projects are each contract for;
- (b) what is the value of each contract;
- (c) when does each project start and finish; and
- (d) will each contract be made public?

**Ms M.J. Davies replied:**

- (a)–(d) Water Corporation has a long-standing business relationship with RCR Tomlinson and its subsidiaries, which have been in existence for decades. Many contracts have been established during this time. In order to answer concisely and relevantly the Member is requested to provide further parameters around his question.
