

BORONIA GULLY — LAND SALE

6357. Hon Sally Talbot to the Minister for Indigenous Affairs

I refer to the sale of land on the Collie–Williams road known as Boronia Gully and identified as AAD site S02103, which was formerly owned by the Water Corporation, and I ask —

- (1) Is the Aboriginal heritage site still registered?
- (2) If yes to (1) —
  - (a) was a caveat placed on the site to preserve the heritage site;
  - (b) what are the rights of access for Aboriginal people; what are the obligations of the new owner towards the Aboriginal site;
  - (c) and are there restrictions on what the new owner is able to do with the land; and,
  - (d) if so, what are those restrictions?

Hon PETER COLLIER replied:

- (1) No. It has never been a registered site.
  - (2) Not applicable.
