

MS *FINNMARKEN* ACCOMMODATION VESSEL — COLLISION AT BARROW ISLAND

**518. Hon SALLY TALBOT to the Minister for Environment:**

- (1) Is the minister aware of an incident yesterday involving a collision between the accommodation vessel MS *Finnmarken* and its mooring barge at Barrow Island in which the accommodation vessel was holed?
- (2) If the minister is aware of it, is an investigation being carried out to establish whether there are any environmental impacts or quarantine issues resulting from this collision?

**Hon DONNA FARAGHER replied:**

I thank the minister for no notice of the question.

- (1)–(2) No, I am not aware of that but if it is correct, I will check it out with the department now.
