

ROTTNEST ISLAND MANAGEMENT PLAN

Mr R.F. JOHNSON to the Minister for Tourism:

I ask a supplementary question. Will the minister name the implemented recommendations that are not working?

Mr R.C. KUCERA replied:

The Opposition's tourism spokesperson is capable of reading the Rottnest Island management plan. He is also capable of reading the Auditor General's report. I commend it to him; it is obvious that he has not read it. It gives a very sensibly placed direction that the Government will implement after the task force reports in April.
