

JUSTICE — SERVICE REVIEWS

890. Hon Nick Goiran to the parliamentary secretary representing the Attorney General:

I refer to the answer to question without notice 681, asked on 17 August 2022 which stated, “As part of its duty to ensure that taxpayers’ dollars are used effectively, the Department of Justice regularly reviews services provided by the Magistrates Court in Western Australia”, and I ask:

- (a) which other services have been reviewed by the Department in each of the last five years?

Hon Matthew Swinbourn replied:

- (a) If the member has a question about a particular service of the Magistrates Court, I would be happy to consider it.
