

PEEL HEALTH CAMPUS, FUNDING OF DAY SURGERY CENTRE

448. Mr MARSHALL to the Minister for Health:

I have a supplementary question. I certainly listened to what the minister said, but I do not accept the explanation. My question is: has the minister seen the document from the people at the Peel Health Campus asking him why he has broken his promise and why they are waiting for the money to start that day surgery centre?

Mr KUCERA replied:

I think I have already answered that question, Mr Speaker. I will not take it any further.
