

RAILWAYS, WARWICK STATION, PARKING BAYS

1261. Hon. C.L. Edwardes to the Minister for Planning and Infrastructure

- (1) How many car parking bays are currently provided at Warwick Train Station?
- (2) Are they fully utilised?
- (3) Have any surveys been carried out to ascertain whether additional car parking is needed at Warwick Train Station?
- (4) If so, what were the results?
- (5) If not, will the Minister consider such a survey?
- (6) If not, why not?

Ms A.J. MacTIERNAN replied:

- (1) 994
- (2) Yes
- (3) No
- (4) Not applicable
- (5)-(6) The Government has recently announced the construction of Greenwood Station. This is expected to relieve the parking pressure on Warwick Train Station by providing 660 new car bays.

The Development of a multi-storey car park at Warwick was examined in the past and 420 car bays could be created. However, there would likely be a strong local opposition from residents and significant disruption to the current parking areas during construction.
