

**WIRELESS HILL PARK, LAND EXCISION**

*Petition*

Mr J.P.D. Edwards presented the following petition bearing the signatures of 1 060 persons -

To the Honourable the Speaker and Members of the Legislative Assembly in Parliament assembled.

WE, the undersigned, all being residents of Western Australia, are opposed to the proposal to excise land from Reserve A28913 (Wireless Hill Park) Ardross and rezone it from Parks and Recreation to Residential for the following reasons:

The heritage-listed buildings are unique and valuable community assets.

Community consultation on this proposal has been grossly inadequate.

Development will pose a serious detriment to the character and amenity of this area if the land is excised and passes into private ownership or control.

We ask that the Legislative Assembly:

Reject the proposed excision (Notice of Intention to Excise Class A Reserve A28913 Wireless Hill Park) and ensure that the community be fully consulted, and

Ensure that the heritage values of Wireless Hill Park, including existing buildings on Hickey Street, are adequately protected.

Your petitioners as in duty bound, will ever pray.

[See petition No 250.]

The SPEAKER: Order! I call to order for the first time the member for Innaloo.
