THE DEPARTMENT OF CONSERVATION AND LAND MANAGEMENT:

- (1) It would be wasteful of public sector resources to require public servants to spend a number of days documenting the detailed information required by the way this question has been asked. The publications produced by the Department of Conservation and Land Management each year are listed in the appendices of the Department's annual report for that year.
- (2) (a) The cost of printing the Department's publications between 19 February 2001 and 28 February 2002 was approximately \$350,000 (excluding GST).
 - (b) Printed information was produced to develop community awareness and appreciation for the biological and physical diversity natural to Western Australia and to promote community involvement and support for its protection, conservation and restoration.
 - (c) Printed information was written and developed in-house with a number of different Western Australian printers, binders and reprographic services used in final production.

THE CONSERVATION COMMISSION OF WA:

- (1)
 - (i) Strategic Plan 2001-2003
 - (ii) Introducing the Conservation Commission of Western Australia
