

FIONA STANLEY HOSPITAL — ICT SYSTEM

721. Hon SALLY TALBOT to the parliamentary secretary representing the Minister for Health:

- (1) Has the company CAMMS tendered for, contacted or been contacted by the department or the department's contractors in relation to the provision, procurement or maintenance of any form of ICT services at Fiona Stanley Hospital?
- (2) If yes to (1), what was the outcome of that contact?

Hon ALYSSA HAYDEN replied:

I thank the honourable member for some notice of the question.

- (1) The Department of Health is unable to definitively rule out, in the limited time period, that there has been contact between CAMMS and the department. The Department of Health can confirm, however, that it has no record of any contract with CAMMS for the provision of any ICT services for Fiona Stanley Hospital. The facilities manager at FSH, Serco, has interrogated its contract database and found no records of a contract with CAMMS, and found no records that suggest Serco has made contact with CAMMS.
- (2) Not applicable.
