

ALBANY PRIMARY SCHOOL, FORMER SITE

**932. Hon ROBYN McSWEENEY to the parliamentary secretary representing the Minister for Planning and Infrastructure:**

I refer to the site where the former Albany primary school is located and ask -

- (1) Is the minister aware that the development of this site may be in breach of Albany's town planning scheme 1A, and in particular clause 4.9?
- (2) If yes, does this establish an undesirable precedent for all major roads in Western Australia?

**Hon KEN TRAVERS replied:**

The member gave notice of this question on 20 October, and at that stage the minister was going -

Hon Barbara Scott: Not another excuse!

Hon KEN TRAVERS: Because I like Hon Robyn McSweeney so much -

Hon Ray Halligan: Just answer the question.

Hon KEN TRAVERS: At the time that notice of the question was given, the minister was about to travel and therefore asked that the question be put on notice. However, I was going to indicate that if the member asks the question again tomorrow, I will see if I can get an answer. If her friends do not shut up, I will not be as kind next time.

*Point of Order*

Hon DERRICK TOMLINSON: I take offence at the threat offered by the parliamentary secretary and ask that he be brought to order.

The PRESIDENT: Yes. I thank the member but it was a prompt.

*Questions without Notice Resumed*
