

DUNCRAIG HOUSE, PUBLIC HEALTH UNIT

620. Dr WOOLLARD to the Minister for Health:

Some notice of this question has been given.

- (1) Has the minister received notice of the submission by the southern region to house its public health unit at Duncraig House at Heathcote?
- (2) If so, can the minister inform the House how long it will be before a decision on this submission is reached?

Mr KUCERA replied:

I thank the member for the question.

- (1)-(2) I am afraid that I have not received notice of this question, but I will endeavour to answer it. I have not received the submission of which the member spoke. However, I will be happy to entertain the submission as soon as I see it. In view of that answer, I am afraid I cannot answer the second part of the question about the timetable.
