

WATER CORPORATION — SERVICE CHARGES

239. Ms M.J. DAVIES to the Treasurer:

I have a supplementary question. That is very heartening. Could the Treasurer please advise the house whether he is aware when these measures will be put in place and can he guarantee that the charges will be waived and not deferred or reduced?

Mr B.S. WYATT replied:

Leader of the National Party, I can guarantee nothing at this point, but I can guarantee that the Minister for Water is doing that work.
