Statement by Minister for Health

MR KUCERA (Yokine - Minister for Health) [5.12 pm]: On Tuesday, 12 March I made a brief ministerial statement in the House on a report entitled "Research Project on the Adequacy of Inspections of Barriers to Private Swimming Pools". At the conclusion of that statement I tabled a report by the Injury Research Centre at the Department of Public Health at the University of Western Australia. Unbeknown to me, that report was a draft and I apologise to the House for the oversight and any inconvenience it may have caused.

Mr Acting Speaker (Mr McRae), I understand that standing orders prevent my withdrawing that draft report. However, I wish to table the report I have in my hand which I am reliably informed is the final and complete report. I again apologise to the House.

The ACTING SPEAKER: The paper will be tabled and held alongside the previously tabled paper on this matter.

[See paper No 1304.]

House adjourned at 5.13 pm
