

SMOKING, PLAYGROUNDS AND SCHOOLS

660. Dr J.M. WOOLLARD to the Minister for Health:

I have a supplementary question. When will the review of the regulations be tabled? I refer not only to children's playgrounds but also to playgrounds in parks. What will the minister do about playgrounds in parks and reserves, where there are parents smoking?

The SPEAKER: The member will resume her seat. The minister will answer only the first part of the question.

Mr R.C. KUCERA replied:

I have already said to the Parliament that when the Government is ready to present its position, the paper in relation to the review will be tabled.
