

CRISTAL GLOBAL PLANT — TRAFFIC MANAGEMENT ISSUES

5733. Hon Sally Talbot to the Parliamentary Secretary representing the Minister for Lands

In relation to the Cristal Global plant located on government land at Lot 4 Old Coast Road Australind, I ask —

- (1) Has the Department of Regional Development and Lands raised the concerns of the Harvey Shire and local residents over traffic management issues with Cristal Globe?
- (2) If yes to (1), has an alternative route between the Australind and the Kemerton plant been discussed?
- (3) If yes to (2), what was the outcome of these discussions?

HON WENDY DUNCAN replied:

- (1) No. The issue of traffic management is a matter between Global and the Shire (and other planning authorities) and does not relate to the operations within the lease area.
- (2)–(3) Not applicable.
