1076. Hon Dr Brad Pettitt to the parliamentary secretary representing the Minister for Mines and Petroleum:

Will the Minister provide a list of the mining exploration licences and mining leases granted within the area of the Forest Management Plan 2014–2023, including the following details for each licence and lease:

- (a) the licence or lease;
- (b) holder(s);
- (c) area;
- (d) term; and
- (e) a map?

**Hon Matthew Swinbourn replied:**

The following information is drawn from publicly available data.

As at 1 November 2022 there were 125 granted mining leases and 152 granted exploration licences that intersected with the designated areas contained within the Forest Management Plan 2014–2023 (FMP).

- (a)–(d) [See tabled paper no 1907.] which lists the tenements that intersect the FMP detailing the licence number, holder, area and term.
- (e) [See tabled paper no 1907.] plan breaks down the various areas contained within the FMP and highlights the intersections with the granted mining tenements listed in the spreadsheet.
