

GOVERNMENT DEPARTMENTS AND AGENCIES, NUMBER OF EMPLOYEES

1825. Hon. C.L. Edwardes to the Premier

How many Public Sector employees were registered with the Public Sector Management Office on 31 May 2002?

Dr GALLOP replied:

There were 327 Public Sector employees registered for redeployment as at 31 May 2002.

A centralised redeployment system was previously managed by the former Public Sector Management Office. The management of redeployees was devolved to Agencies in a phased approach during the year 2000. The Public Sector Management Division, Department of the Premier and Cabinet, retains the responsibility for the redeployment and redundancy policy framework, maintaining public sector redeployment statistics and assisting agencies with any issues in relation to redeployment and redundancy.
