Dear Dr Talbot

Thank you for the opportunity to review feedback on the transcript of evidence given at the hearing on the 3 April 2019. I wish to provide the following corrections to evidence provided at that hearing.

The word 'non-government' was used twice when 'Independent' should have been used and I seek to have the correction noted. There is a clear distinction as non-government refers to schools from both the Catholic system and the Independent sector. In the context of the hearing, reference was specifically about the Independent sector.

- P.13 para 13: change “– Catholic, non-government or public school –” to “– Catholic, Independent or public school –”
- P.14 para 5: change “...to Catholic Education or non-government schools”...to “Catholic or Independent schools”

I apologise for the error and would appreciate the correction being noted.

Yours sincerely
