Leader of the Government in the Legislative Council

Our Ref: 34-29238

Hon Ken Travers MLC
Chair
Standing Committee on Estimates and Financial Operations
Parliament House
PERTH WA 6000

Dear Mr Travers

I wish to clarify some factual information that formed part of the evidence provided in response to Question on Notice No. 2 asked by the Hon Sue Ellery MLC prior to the Department of Education hearing on 24 September 2013.

Part (b) of Question on Notice No. 2 requested the dollar amount of the effect of the 30% reduction in the School Support Programs Resource Allocation for each public school. In addition to this information, the percentage that these dollar amounts represent of the total value of the 2013 resources provided to each school, including school grant and staffing, was provided.

The Department has since discovered that the percentage in the last row of the table at Attachment 1 was calculated incorrectly. A corrected copy of the complete response to Question on Notice No. 2 is attached.

Kind regards

Hon Peter Collier MLC

Department of Education

Question No. 2: Hon Sue Ellery MLC asked –

I refer to the Department of Education budget and subsequent announcement of a major overhaul of public school funding and ask for each public school in WA in 2014 –

(a) What is the dollar amount of the 1.5% procurement savings?

Answer: It is not possible to provide finalised information at this time. The 1.5% procurement savings are calculated for the goods and services components in the School Grant. The 2014 School Grant for each public school has not yet been calculated.

(b) What is the dollar amount of the effect of the 30% reduction in the School Support Programs Resource Allocation?

Answer: For each public school allocation see Attachment 1. The 30% reduction will be taken from the 2014 School Support Programs Resource Allocation (SSPRA). Principals have been advised of their 2014 SSPRA calculated through the normal formula less 30%.

Unlike other funding lines, finalised SSPRA information can be provided to schools at this time. The SSPRA calculation includes 2013 enrolment and attendance data and NAPLAN data from the previous year (2012). No part of the calculation depends upon enrolments or other information from 2014.

(c) What is the dollar amount of the long service leave levy?

Answer: It is not possible to provide the finalised long service leave levy for each public school for 2014. The levy will depend on the final allocated teacher and support staff FTE (gardeners and AIEO allocation is not included in the levy). When final staffing allocations are confirmed for each school following the student census on 14 February 2014, principals will be able to calculate the long service leave levy for their schools.
