Subject: Airfares Kununurra

To whom it may concern:

Thank you for the opportunity to voice our concerns about the high cost of airfares when travelling from Kununurra. I am grateful that we do indeed have a service connecting us to Perth, Broome and Darwin (I remember a time after Ansett collapsed that we didn't!), however the cost of the flights makes it prohibitive. It seems unfair that overseas travel is cheaper than what it is to fly within our own country. I have friends who live south, who as much as they would like to visit think they get more value for their \$ by taking it outside the country.

Living in this region has many positives but it is a harsh climate and environment - one that it would be nice to escape from occasionally. If airfares were more reasonably priced I would be more able to utilise the service. I hope that the community concern over this issue will be addressed.

Regards

Wendy Jones
