Subject: High cost

I have just paid over \$1300 to get return flights from Perth to Karratha for my 89 & 87 yr old parents to come and have a brewskis from the cold weather down home in Bunbury. Do a similar price when I booked this they could have had a flight to Fiji with 4 nights accomodation. East coast get all special deals and we continually pay top dollar for old Network planes to fly us u here. Please make it more affordable to keep in contact with family Sent from my iPhone
