Select Committee into the Operations of the RSPCA

Dear Sirs/Madams

I am from Queensland and have experienced RSPCA bullying and Cyber bullying in the extreme.

RSPCA are a private business profiting from seizing dogs for sale and getting costs, damages and penalties from their victims. Fundamentally RSPCA prosecute for publicity and profits. In law this means RSPCA have an improper purpose and should not be allowed to have such powers.

But worse, RSPCA do not have the obligation that all government have and this is that of exemplary justice. It has been my experience that RSPCA cover up, hide evidence, seize my evidence and lost it disabling my defence and fabricated evidence and perjured themselves in their attempt to gain a conviction.

But worse even RSPCA waged a media campaign against me and gained donations on the pretext of "caring for those poor neglected poodles". RSPCA even used footage of dogs that were not mine. I received many vile and nasty letters, death threats at 5 of more per day, I was bashed on the head with a bottle, has damage done to my property. It was so bad for me I could not watch television or have lights on at night because I feared people would realise I was home and come and carry out their threats. I had even had lead poison put into my rain water tanks, my drinking water and suffered from the effects of this.

I not draw your attention to www.petmafia.com.au where my plight has been documented. and also http://www.petmafia.com.au/how_to_cross_examine_witnesses.html which details how RSPCA witnesses lied and the rest of this site.

I also draw your attention to the [Stanford prison experiment](#) which shows through self talk people given unsupervised power will talk themselves into an extreme position and begin to abuse people with that power.

Yours Geraldine Robertson
